

# DIGITAL VEHICLE REGISTRATION

Kroschke France delivers secure, certified and fully digital vehicle registration services designed specifically for professional automotive partners. Our goal is to streamline administrative workflows, improve processing speed and provide a seamless digital service experience for dealerships, distributors, leasing, rental companies and mobility operators.

## AUTOMOTIVE-FOCUSED SERVICES

- Registration of new and used vehicles (domestic + imported)
- Ownership changes and purchase/transfer declarations
- Temporary WW registrations and full import package
- Eco-friendly and premium licence plate production

## DIGITAL WORKFLOW & TECHNOLOGY

- B2B professional portal
- Real-time access to file status, history and reporting
- Configurable modules depending on business model
- Reduced admin burden and improved processing time

We partner with leading automotive professionals and mobility providers who aim to digitise, optimise and secure administrative vehicle processes.
